Steel Industry Wants No U.S. Help in Strike Talks

NEWSROOM NOTES — Here's a reminder for rock hounds: The Illinois Geological Survey's earth science field tour of Ogle and Lee Counties will begin at Oregon High School Saturday at 9 a.m.

George M. Wilson, of the Survey, who will head the tour, says the Oregon area is the only place in Illinois where the ancient Cambrian rocks, laid down more than 500-million years ago, are exposed at the surface.

Such geological features as the Ashton Arch, the Oregon Anticline and the Sandwich Fault Zone will be seen and discussed. Wilson says the fossil hunting should be good at several points during the trip.

The trip will end about 4 p.m. Those attending should pack a lunch, and arrange for their own transportation. Equipment needed will be a hammer and cold chisel for collecting fossils, a knapsack and paper wrappers for protecting the specimens. Wear heavy shoes and durable clothing. And happy hunting.

We've mentioned in this column the fact that traffic safety experts are emphasizing moral responsibility in their efforts to reduce the highway death toll. This week the Rev. M. P. Studdman, Belleville, said, "The religious world has been apathetic to the crisis that confronts our nation in the area of traffic safety."

Emphasizing that religion is needed on the highway, the minister said, "Christians will be inspired by the example of Christ in 'doing good to all men' by a display of courtesy and patience, and in their obedience to the traffic laws of the land."

The Rev. Mr. Studdman spoke before the Illinois Traffic Court Conference. He said Illinois is taking the lead in putting moral responsibility into the safety program through the Governor's Religious Safety Council, which was organized a year ago.

What's in a name? The Illinois program to help the blind and visually handicapped is doing more business since the name of the agency was changed from "Illinois Industrial Home and Services for the Blind" to "Illinois Visually Handicapped Institute."

Jury Rules Murder, Suicide

ROCHELLE — An Ogle County coroner's jury Thursday night ruled that Mrs. Bonnie Holt, 19, Rochelle, was murdered by Wilford Leon Neal, 24, Rochelle, after testimony indicated Neal had terrorized Mrs. Holt several weeks before the murder took place.

Jurors ruled Neal's death a suicide.

Mrs. Holt, wife of a soldier in Germany, was shot by Neal Monday night as she ran from his parked car toward the safety of an apartment she shared with her mother, Mrs. Fay Pifer, at 316 N. Seventh St. Neal was found dead Tuesday morning in a cornfield south of Rochelle, shot through the heart.

Changed Dates — Testimony given at the inquest revealed that Neal had been dating Mrs. Holt steadily until they

CONTEMPTUOUS—Ruben Aguirre, 16, sticks out his tongue in contempt as his captor Patrolman John Pilla, stands beside him at police station in New York City. The lone patrolman battled Aguirre before a hostile crowd of more than 300 tenement dwellers in the heart of West Side Manhattan's "jungle" while no one in the crowd lifted a finger to help the policeman. Pilla managed to arrest Aguirre, "President" of a teen-age Puerto Rican gang called "The Buccaneers," but not until another patrolman came to his assistance. Also arrested was Thomas Martinez, 18, who said he was "War Councilor" of the gang. (NEA Telephoto)

Mercury Drops To 44 Overnight Cool Tonight; to Start Upward Climb Saturday

Summer still is with us officially, but it felt like fall this morning in Dixon when the mercury dropped to a low of 44 degrees. By 12:30 p.m. it had climbed to 67.

The fair, cool weather is expected to continue through tonight, with warmer readings taking over Saturday. Saturday should see a high in the 80s.

New Interest Rate Goes Into Effect

WASHINGTON (AP) — Member banks borrowing from eight branches of the Federal Reserve system today start paying 4 percent interest, the highest rate in 29 years.

The expected 1/2 per cent increase in the discount rate was announced late Thursday for Reserve banks in New York, Cleveland, Richmond, Chicago, St. Louis, Dallas, San Francisco and Kansas City.

The system's other four banks are expected to start charging the increased rate before long. Other short term interest charges have climbed sharply in the last month. The rate on three-month treasury bills, for example, has increased since early August from just over 3 per cent to nearly 4 per cent.

Clock Turned Back

Private Schools for Whites; None at All for Negroes

By G. K. HODENFELD
AP Education Writer

FARMVILLE, Va. (AP) — Prince Edward County has quietly and smoothly turned back the clock of American education—private schools for 1,500 white children, nothing at all for 1,700 school-age Negroes.

There are very few in the county today who feel the men behind the plan won't make it stick — at least for the coming school year.

The eight private schools opened in churches and private buildings Thursday for the back-to-school preliminaries and formalities. Regular classes start Monday.

Some of the classrooms were crowded. There were no facilities for physical education, no place for the pupils to have lunch. The

shops and the science laboratories were not quite ready.

"Shakedown Cruise" — "This is just a shakedown cruise," said J. B. Wall, publisher of the Farmville Herald and an official of the Prince Edward School Foundation. "We'll get these things worked out. Our big job right now is to start getting these children educated."

Companies Want Open Bargaining Cooper Says

NEW YORK (AP) — The steel industry rejected today a suggestion that a fact-finding committee take part in settling the 59-day-old nationwide steel strike.

R. Conrad Cooper, chief industry negotiator, was asked about the possibility of creating such a board. He repeated the industry's stand against any government intervention.

Republican Sens. Jacob K. Javits of New York and George D. Aiken of Vermont suggested Thursday that the President set up a fact-finding committee if the United Steelworkers Union and the 12 major steel companies involved fail to settle the strike in a week.

Such a fact-finding committee, they suggested, could make recommendations for new contracts.

The industry consistently has favored open collective bargaining rather than government intervention.

Scattered Talks

For the second consecutive day, negotiations were scattered in different rooms of the Hotel Roosevelt.

David J. McDonald, union president; Cooper and the other members of the four-man top-level negotiating teams conferred in one room. Subcommittees met simultaneously in other rooms, working on local issues in the union's dealings with the 12 companies.

Dean Joins Exclusive Club He Founded

SAN FRANCISCO (AP) — Dean David Snodgrass today joined the exclusive club he founded after World War II at Hastings Law School. This is his 65th birthday.

After the war, he started hiring retired law deans and professors for Hastings, a fast growing branch of the University of California. Now he hasn't a man on his 14-man staff who can't qualify for social security.

The oldest is Merton L. Ferson, 83, for 20 years dean of the University of Cincinnati Law School. He teaches contracts and agencies.

Snodgrass has been Dean since 1940 and expects to keep right on running the show. He also teaches a class in contracts.

BANK ROBBERY IN PICTURES—Holdup and flight of robber at Bank for Savings in the City of New York Wednesday were recorded in these pictures from hidden 16mm movie camera. Thief escaped with \$500 after a chase, but authorities were confident they would catch the "star" of the film—a tall, slender Negro, with thick-lense eyeglasses and bushy eyebrows. Camera was triggered by woman teller who handed thief about \$1,000 after he passed her a threatening note. Robber lost half of it when he dropped bag of money during escape. (AP Wirephoto)

Chou Says China, India Have Mutual Problems

Asks Talks; Says Both Abused by 'Imperialists'

TOKYO (AP) — Premier Chou En-lai said today Red China and India must try to settle their border problems on the basis of "mutual sympathy, mutual understanding, fairness and reason."

The Chinese leader, addressing the standing committee of the National People's Congress in Peiping, declared both the Asian giants have been subjected to "imperialist aggression for many years."

Radio Peiping broadcast an account of Chou's report.

He said it is regrettable that India is using pressure, "particularly military strength," to win acceptance of the Indian delineation of the frontier.

Wants Talks

India and Communist China Chou said, can work out a partial or temporary agreement through the talks and thereby safeguard the security and friendship of the two countries.

The radio said the standing committee session will continue Saturday. The committee was called suddenly today.

This came after the Laotian rebels announced Wednesday they were ready to negotiate "if the royal Laotian government still desires a peaceful settlement."

A U.N. fact-finding mission is leaving New York for Laos Saturday night in answer to an appeal for help from the royal government. The rebels accused the

White Pines Blacktop Reopened

OREGON — Ogle County Superintendent of Highways R. E. Erikson today reported that the White Pines blacktop east of the state park is now open.

The new bridge has been constructed over the railroad at the Mt. Zion curve. It is wider than the old one and approaches have been built up, removing bumps and sharp inclines found in the old bridge, according to Erikson.

Erikson said early estimates indicated the bridge would be closed for four months, but the project has been completed in half of that time.

Lie Tests Clear 2 Breakin Suspects

Irving Peterson, 34, and his stepson, David Peterson, 17, both of Racine, Wis., are free men today after a lie detector test taken by the older Peterson in Springfield this week completely absolved him of any part in the July burglary of an area farmhouse.

The men were released from Lee County jail Thursday

after spending more than 50 days there charged with being accessories after the fact of the \$1,500 burglary.

The Petersons were charged with selling an outboard motor in Racine which was part of the merchandise stolen from the farmhouse.

The older Peterson admitted that he pawned the outboard motor in a Racine sporting goods store for \$75, but he said that he didn't know it was stolen property. Lee County Sheriff Robert Burrs said that Peterson signed his own name when the transaction took place.

Peterson received the motor from his brother, Richard, 26, 403 Depot Ave., who is now in Joliet State

Actor Paul Douglas Dies at 51

HOLLYWOOD (AP)—Actor Paul Douglas, 51, long-time star of stage and screen, died today at his home apparently of a heart attack.

A fire department rescue squad called to the home arrived too late. With the actor at the time was his wife, actress Jan Sterling, and his physician, Dr. Lee E. Siegel.

Douglas was known for light comedy roles as well as his more serious portrayals.

He had just finished a television show, "The Mighty Casey," in which he portrayed a baseball team manager. The show has not yet been released.

Another recent television show in which he appeared was "The Incredibles."

Among some of his movies were "Solid Gold Cadillac," "Executive Suite," "Never Wave at a WAC," "It Happens Every Spring," and "Letter to Three Wives."

He appeared in Broadway plays "Born Yesterday" and "Hole in the Head."

Father Goes Into Shock; Debris Hurts Patrol Boy

WASECA, Minn. (AP) — A freight train rammed a car here today, killing a mother and her six children on the way to school. A school patrol boy was injured. He was struck by debris from the car and a fragment imbedded in his back.

Mrs. Irene Zimmerman, 39, died about three hours after the accident. Five of her children were killed outright in the crash and the sixth died a few moments later, just after reaching a hospital.

Husband in Shock

Mrs. Zimmerman's husband, James, was hospitalized for shock after a priest told him of the tragedy. The six boys and girls who died were the only children of the farm couple.

Dead at the scene were Michael, 10; Constance, 8; Barbara, 7; Jimmy Jr., 5; and Janice, 2.

Kathryn, 13, died shortly after reaching a hospital.

Patrol Boy Hurt

Robert Szyska, about 12, the school patrol boy, was standing near the crossing and was struck by fragments of the Zimmerman car. Hospital attendants said the child suffered a broken leg and back injuries.

Mrs. Zimmerman was driving to Sacred Heart Catholic School, less than a block from the accident scene.

The crossing is at the Minneapolis & St. Louis Railway depot, in the heart of this southern Minnesota city 70 miles south of the Twin Cities.

The freight struck the station wagon and hurled it 100 feet.

Attend the Church of Your Faith Regularly

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	34	1-4
Monday	John	14	1-3
Tuesday	Habakkuk	3	18-19
Wednesday	Luke	10	25-27
Thursday	Matthew	13	18-23
Friday	11 Thessalonians	1	3
Saturday	Isaiah	58	1-2

Through All Of Life ...

Perhaps you see no significance to the hourglass superimposed on the Bible. But to the believer, it means that all of life is sustained by God's promises. Every day, every hour, He gives strength and help to His followers. The light of His Word shines steadily through the passing of time. The more you read, the deeper will be your understanding, the greater will be your joy. By entering wholeheartedly into the work of the Church, by giving it your support, you increase the value of your own life, and help others to see the light shining through each day's experience.

Throughout life's entire span, the Church will help us, the Bible will speak to us of God. Does the picture mean that to you? It will, if you look at it through believing eyes.

A BOOST FOR ART

PHILADELPHIA — One way to attract the lay individual to an art museum might be by having outdoor tables nearby. At least it works in Philadelphia.

Henri Marceau, director of the Philadelphia Art Museum, notes that a number of visitors have been drawn to the museum's collection by first being attracted by the outdoor tables of a restaurant nearby.

Even people living in the area, Marceau says, are taking advantage of the unusual lunch setting and then completing their noon hours with visits to one or more galleries.

You can be just a Christian...

Has it ever occurred to you that you can be just a Christian... nothing more nor less than a plain Christian?

Yes, even in the midst of the religious confusion of our creed-bound, denomination-divided age, it is possible for you to be just a plain Christian!

What does it mean to be just a Christian? Well, being a Christian means so much more than merely being a good moral person... more than just going to church on Sunday... more than giving mental assent to certain beliefs... more than having one's name on a church roll.

Being just a Christian means trusting and obeying Jesus Christ just as Paul and Philip and the early Christians did in the first century after Christ. It means going back beyond all the distinctive Catholic and Protestant doctrines of today to find Christ just as He is revealed in the inspired New Testament. You see, there were no different denominations in the beginning of Christianity. The early disciples were all one body. They were called simply "Christians" (Acts 11:26). They did not follow different creeds, but were guided by "the faith once for all delivered to the saints" (Jude 3). The New Testament, first as the spoken word and later as written down by "holy men of God" as they were guided by the Holy Spirit, was their only rule of faith and practice.

(If Peter 1:24). We have this same New Testament today and can reproduce the same pure Christianity which flourished in the first century after Christ. We can be just plain Christians!

To find out the details of just how you may become and remain just a plain Christian like Peter and Barnabas and Aquila, you must open your own New Testament and read for yourself. We suggest that you begin with the Acts of the Apostles. You will find that Jesus built only one church, and God added everyone who obeyed the gospel of Christ to this undenominational church, the body of Christ (Matthew 16:18) (Acts 2:47). The Bible teaches that you will be added to this same body today when you believe in Jesus Christ as God's Son, repent of your sins and are baptized for the forgiveness of sins (Acts 2:38). Why not become just a Christian and worship and work in the non-denominational church of Christ?

If you would like to know more about Jesus Christ and his Church or Kingdom, read your New Testament. Consider the plea for the restoration of pure New Testament Christianity. Write for your free copy of the 34 page booklet "You Can Be Just a Christian."

Nikita Proves Himself As a Master Politician

EDITOR'S NOTE—After shouldering his way to the top of the Communist hierarchy, Nikita Khrushchev has taken out an insurance policy by staffing key party posts with men who owe him much. In this fourth of a series William L. Ryan tells how Khrushchev has sought to solidify his position.

By WILLIAM L. RYAN
Associated Press News Analyst

Not long after Stalin died, somebody in Nikita Khrushchev's frightened opposition — it's not clear just who it was — described him as "a man with an itch for organization — and reorganization."

Since 1955, when he emerged as the most powerful single figure in the Soviet dictatorship, Khrushchev has done some fantastic organizing and reorganizing.

A man of considerable political agility and boundless energy, he demonstrated his talent for organizing a political machine in a way which would have made him a master politician in any country.

As soon as he shoved shrewd Georgi Malenkov aside as Soviet Communist party boss in 1953, Khrushchev began populating key party posts with men who owed their careers to him. Four years later he was able to defy the majority of the party Presidium, until then the most powerful single group in Soviet politics.

That was an historic moment. The Communist Central Committee, by then full of Khrushchev's own men, set a notable precedent by reversing the Presidium, successor to Stalin's Politburo. Khrushchev was able to throw his opposition out of the places of power. Old Bolsheviks V. M. Molotov and Lazar Kaganovich, along with Stalin's heir, Malenkov, and others were kicked by a vily politician.

From then on, Khrushchev was the Communist party. Any who opposed him were "anti-party."

Khrushchev reorganized Soviet agriculture, tossing aside the system of machine-tractor stations which under Stalin held power to allot machinery to collective farms and used it as a political bludgeon. He sent thousands of Soviet youths into "virgin lands" in Siberia and the east, to open up a new territory to farming. He demanded corn, corn and more corn to supply food for animals, one of the gravest weaknesses of Stalin era farming.

Khrushchev reorganized education. Young men and women who want to go on to higher education must take part in practical labor in Khrushchev's "work while you learn" program.

He reorganized Soviet science. No longer did it have to kowtow abjectly to Communist political theory. The result was more for agriculture, more for the military machine, the first space satellite. He reorganized Communist the-

ory itself. His main contribution to present-day theory; all Socialist countries, meaning countries with Soviet-like systems would achieve the ultimate goal of communism more or less at the same time. Independent socialism therefore would be impossible.

Khrushchev reorganized propaganda. In the Middle East, he reversed all Stalin had done and embraced the Arab nationalist movement.

He introduced a propaganda of smiles, liberally laced with counter-balancing threats.

And he reorganized foreign policy. He forced high-level international meetings. He leaped into competition with the United States to extend economic aid to uncommitted countries. Shouting, gesticulating, pleading, he held up the U.S.S.R. as the only real champion of peace.

Through all this, Khrushchev retreated not an inch from a conviction that Soviet communism one day will conquer the world.

"If anyone believes our smiles involve the abandonment of the teachings of Marx, Engels and Lenin, he deceives himself badly," roared Khrushchev. "Those who wait for that will wait until the shrimp learns to whistle."

But no quarter was given capitalism in the Red drive toward world domination.

"Whether they like it or not," snorted Khrushchev, "the capitalists must die. It is like a pregnant woman who is about to give birth. It is a natural phenomenon. She

has to give birth. You can't tell her to put it off. It is the same with the death of capitalism. Of course, we will contribute what we can."

So They Say

History has shown that attempts to impose democracy upon a country by force from without may easily result in the mere substitution of one form of tyranny for another.

—Secretary of State Herter, condemning recent invasion attempts against the Dominican Republic and Nicaragua.

Everything happened awfully fast today. I'm glad I have the next couple of days off.

—Los Angeles policeman Austin Bert Fernald, who helped his wife deliver a child enroute to the hospital.

Somebody has got to do so. Kids nowadays don't know what the serious songs sound like.

—Singer Tommy Sands, turning from rock 'n' roll to concentrate on ballads.

Apparently the whole costly business has been erected for the sole joy of the bird watchers and the window washers.

—Architect Douglas Haskell, criticizing the new Senate Office Building in Washington.

It's sad, and hard to explain, why America, which loves its children and counts on them for the future, spends a smaller proportion of its income on public education than other poorer, "backward nations."

—Dr. Benjamin Spock.

WARWICK, R.I. (S) — Police Chief Forrest R. Spang has ordered all copies of D. H. Lawrence's novel "Lady Chatterley's Lover" removed from newsstands. The chief said Thursday he had not read the book but had seen filthy words in a copy on his desk.

Does have one fawn the first breeding year and normally have twins thereafter.

"Our house seems so empty now that our youngest child has left home. What can I do to keep from feeling completely useless?" asks a woman of 55.

First, you can start being a full-time wife. Any woman who is so wrapped up in her children that her only thought when they are finally grown is, "what can I do with myself?" is sure to have been taking her husband for granted through the years.

So how about concentrating on him for a while? He's probably lonely, too.

And now that you have the time to do some of the things you've always thought you'd like to do—why not get going?

Are your friendships in good repair? If not, now is the time to make an effort to be with your friends, to do things for them, and to widen the circle by taking the first steps that turn acquaintances into friends.

If you are dissatisfied with yourself "as is" you'll never have a better time to start making

improvements. Giving yourself a "new look" will help to give you a new outlook on life.

And what about the future? Are you going to just drift along? Why should you when you and your husband now have a chance to work for what you want—after years of working for "what's best for the children?"

Are you and your husband financially secure? If not, you might think of getting a job and helping him in the struggle to put aside something for the years ahead.

If you've been frugal all your life, maybe now is the time to start living it up a little.

Each woman has to make the most of the middle years in her own way. Just be sure to make the most of them — for they can be happy, contented years.

Pegler's Comments

Compares Swedes With Russians

By WESTBROOK PEGLER

Copyright, 1959, King Features Syndicate, Inc.

STOCKHOLM—The difference between Scandinavian socialism and the socialism of Soviet Russia is not as important as the contrast between the morals, the intelligence and the education of the two realms. Russia is morally infantile and this goes for Khrushchev and all the other political bosses from Trotsky and Lenin down through the years.

Khrushchev bitterly complains that Russia lost 12 million lives in the war because the Western Allies would not negotiate honestly with her before the war began. He ignores the great record of Russian aggressions against border nations and unorganized, tribal masses of humanity which had no firm nationality. He is so ignorant of morals that he finds no wrong in Russia's silent aggressions within out government in Washington which was admitted in Roosevelt's treaty of recognition where Russia agreed to cease and desist. You do not desist from doing something you are not doing. But the Russians never did cease and desist and Khrushchev sees no immorality in violating a promise to quit.

Russia Responsible

Russia brought that war on herself by her abuse of every nation. The more material we sent him in war the more Stalin abused our agents. When Khrushchev was running the Volga famine he did not give a damn how many Russians were killed by the famine. He had been active during the general massacres which wiped out millions after the collapse of the Czar's empire. Russian lives are cheap. They can breed twelve or 20 million replacements in 17 years by the same process that produces livestock, and with as little delicacy.

In most main phases Scandinavian socialism parallels the Soviet socialism, but the Scandinavians are the "democratic" stripe, holding that the executives and legislators must answer to the people. That was why they shied at Hitler's National Socialism, which reigned very close to them over a people related to them. National Socialism of itself, was not offensive to these socialist peoples. In fact, some Swedes as well as Norwegians admired Hitler's regime as their defense in the showdown against Russia which is not averted yet.

But Hitler's socialism, like the Russian version was ruled from the top and that was the deciding fault.

Geographic Interest

They are not apathetic. But geography put them just outside the Iron Curtain so they rely on the United States to protect them from Russia.

In Copenhagen a lively young

Dane in the foreign office said it seemed a pity that he had no vote in the election of an American President because the President's conduct meant so much to him as a Dane in regard to Russia. He liked Adlai Stevenson above all others. Nixon's record of aggression against Reds in the United States government as a member of the House committee years ago, including the annihilation of Alger Hiss, ironically meant nothing to him. The Scandinavians have retained practical individual freedom and kept in their hearts the ideal of personal freedom.

But Scandinavian socialism is not entirely idealistic. Many women leave their children largely to the care of the state only to make "extra money." The Russians also provide parking nurseries and there is a tendency to keep the children week-long. The mother thus gets more rest so she can swing a pick on a paving job at 6 a.m., and the child is spiritually estranged. Maybe she can sooner produce another replacement toward the deficit of 12 million lost in the war, plus the millions killed by Khrushchev in famine and massacre so long ago.

Scandinavian children get free school meals, their play is regulated and their health is guarded by the state. The financial responsibility of providing for a child is shifting from the parents to the public, with only a phantom pretense that the parents pay through their social security taxes.

Lone Tourist Finds All Are Her Friends Abroad

Miss Fries Tells of Trip By Tiny Car, Tiny Budget

How does it feel to find yourself on your own in London's Victoria station, suddenly knowing that your dream of travel has turned to reality? Miss Mary Ann Fries, daughter of Mrs. George Fries and a junior this fall at the University of Illinois, answers this question by frankly admitting to qualms.

The qualms were put to flight almost immediately by a kind English businessman who took the list of YMCA hotels from the hand of Mary Ann's companion, Miss Jane Speers of Aurora, selected the most likely, and personally escorted the girls there and helped them register. From then on they were on their own, eager to get started.

On Flight
The girls met on the chartered TWA Constellation carrying 100 students and personnel of the University of Illinois. Jane and Mary Ann decided to join forces for time, and so found their way to London together.

The English people were anything but cold. The girls had only to ask for directions and they were often shown personally the place they were seeking. They were taken under wing everywhere in England, and on the Continent also.

After four days in London the girls went by bus up to Windermere in the beautiful Lake Country, where they stayed in a youth hostel, the first of many afforded by their memberships in the international hostel organization.

Meeting
It was at the hostel in Windermere that a 15-minute acquaintance with two young Mormon women from Salt Lake City resulted in arrangements for a rendezvous in Paris two weeks hence, for the start of a jaunt by auto through France, Belgium, Holland, Germany, Austria, Switzerland, Italy, and along the Mediterranean coast to Barcelona in Spain.

In the meantime, Jane and Mary Ann set out for the Continent on a trip of their own. There was no trouble obtaining transportation, since the travel season had not begun for Britishers and Europeans.

Parties Precede Oregon Wedding Of Miss Mackay

OREGON—Miss Susan Mackay, whose marriage to Harold Larson of Chicago, will take place Saturday, has been the honored guest at several gift showers recently.

The Misses Mildred and Constance VanInwegen entertained in their home at a coffee party and shower. Mrs. Donald Brooke, Mrs. Roy Decker and Mrs. Hal Billig gave a breakfast and shower at the Pines Lodge on Thursday.

Mrs. Ralph Leigh and daughter, Mrs. Thomas Heuerman, Charlotte, N. C., will entertain the bridal party at breakfast at Maxson Manor on Saturday morning.

Mr. and Mrs. John A. Miller and son, Michael, Delhi, N. Y., arrived Tuesday to be here for the wedding festivities. Mrs. Miller is a aunt of Miss Mackay.

mad King Ludwig's island castle in Bavaria, absorbed Mozart lore in Salzburg, and motored into Switzerland for a stay of about two weeks.

Alone
Mary Ann was on her own for a while in Switzerland while the others returned to Paris to pick up Geoffrey, who would join them for the remainder of the summer's travels in the Galloping Goose.

In one tiny Swiss hostel she was the only guest for several days. She was given the key, and acted as proprietress when a German family arrived. She met an interesting German couple in Geneva who took her along on a camping trip to Lausanne.

Innocents Abroad
The whole ten weeks abroad was accomplished at surprisingly little cost. Shelter for the night in a hostel cost 30 cents, and seemed always to be located in the most beautiful and inaccessible spot in its vicinity, Mary Ann observed.

How is it possible to travel independently in foreign lands with no knowledge of the languages? By sign language, by the friendly interest of everyone encountered, and by the help of the English-speaking native sure to turn up in the nick of time, says Mary Ann.

Adventure seemed always just around the corner, and sometimes was met. And yet they always felt safe and among friends.

The Mature Parent

Alas, We Have No Apron In Which To Hide Tears

By MRS. MURIEL LAWRENCE

Still sobbing, your 8-year-old complains, "And then Joanie Simpson said she was sick and not from skating up and down the dumb sidewalk."

"So I said, 'Let's go to my house and get some cold lemonade.' And Joanie said, 'Who wants to go to your dumb house? You haven't got any air conditioning.'"

"Then she took the other kids off with her and nobody said to come on. And I don't see why I can't have air conditioning if Joanie Simpson does. I . . ."

You know you can't make her see why she can't have air conditioning. You think of the installments due on your automobile, of the threadbare patch in the hall carpet and of new overcoats to be bought next fall.

You know there's no hope of making the child of your heart see that these needs are more important than air conditioning because air conditioning is most important to her.

So, saddened not only by her hurt but by the difference of years between you, you wipe her face with a wet dish towel, murmuring, "There, darling. It was mean of Joanie Simpson. But we're all mean once in a while . . ."

Later when your husband comes home and proposes catching the early show at the drive-in movie, you say, "I couldn't stand it tonight, Jim." But the child for whom you are still suffering jumps with joy and shouts, "Oh Daddy, let's! Oh, come on, Mommy! Can I have a shrimp salad sandwich when the man comes around?"

At first we just find these speedy recoveries astonishing. Then, as time passes, we begin to resent them a little. We wonder why we lost last night's sleep because that party invitation or phone call didn't come—and the victims of these hurts come bounding downstairs for breakfast as fresh as daisies.

Well, they're not the shallow young monsters they seem to be. Nor are we the fools we think we are.

Our young victims have expressed the anxieties aroused by the hurts to us—and we have just kept our stewing inside us.

If we'd had someone to listen and wipe our eyes with a wet dish towel, we too could jump with joy at the prospect of an early movie at the drive-in.

But it takes a long time to learn that the hurt child in ourselves needs comfort as well as the child we've comforted.

Scarboro Women Visit Amana Colonies, Iowa

SCARBORO — Several women from the Scarboro area, including Mrs. Irvin Koch, Miss Dorothy Sorrenson, Mrs. Sarah Sorrenson, Mrs. Carl Gardner, Mrs. Dick Hackman and Mrs. Charles Bryant, recently took a tour of the Amana Colonies, Amana, Iowa.

The Amana Colonies have been in Iowa a century.

They began in Germany in 1714 when a group of Lutherans calling themselves "Inspirationists," separated from their church, migrat-

ing to America in the years after 1842.

To Iowa
After settling near Buffalo, N.Y. for about 12 years, they moved to Iowa, and eventually acquired about 25,000 acres of fertile prairie land and timbered hills, located about 20 miles southwest of Cedar Rapids, and 20 miles west of Iowa City.

Amana, a biblical name meaning "Remain Faithful," was formed about 1855, and five other villages were established around a 20-mile perimeter. The villages are South Amana, West Amana, East Amana, High Amana and Middle Amana. In 1861, a seventh village—Homestead, a small village three miles south of Amana—was bought and added to the holdings.

Communal
At first the Amana Society held its property in common. Architecture followed straight and simple lines, food was ample but plain, dress was simple and drab.

However, in 1932 the Society found it necessary to abandon communal living. Modern business methods were instituted and members employed in their industries earned wages and shared in corporation profits.

Today the products of the Colony are sent into competitive markets. Wooden goods, furniture, cured meats and bakery goods, are a few of the numerous products comprising Amana's industries.

Bums, Braves Gain On Failing Giants

Things don't look good for San Francisco's Giants in that National League pennant race. Not with the Milwaukee Braves riding a five-game streak after two perk-up, come-from-behind victories and Los Angeles pitchers back in business.

The Braves and Dodgers, tied for second, trimmed San Francisco's lead to two games Thursday as the Giants and 19-game winner Johnny Antonelli blew a 3-1 lead and lost 5-3 to Pittsburgh.

Milwaukee moved in with a four-run seventh inning that beat St. Louis 7-4. And Los Angeles kept the pace with a 5-0 job on Philadelphia as Roger Craig gave the Dodger staff two consecutive three-hit shutouts and a string of 23 scoreless innings.

Cincinnati split a pair at Chicago, winning 10-4 before the Cubs took a 7-3 decision.

'That's the Way It Is': Al Lopez

WASHINGTON (AP) — Since there is special joy in knocking off the favorite, every club in the American League is likely to throw its best against Chicago and Cleveland, the pennant contenders.

"That's the way it is, and we expect it," Al Lopez of the White Sox remarked today.

The league leading Chicagoans were happy to leave the capital after encountering the best Washington's last place team had to offer Thursday night. Camilo Pascual mystified them with just about every pitch in the book. He struck out 10 and allowed only four hits. His partners rose to the challenge, slamming three two-run homers among 11 hits off five Chicago hurlers.

The result: an 8-2 humiliation for the White Sox.

Baltimore spared the White Sox further shame by simultaneously whipping Cleveland 6-1.

Chicago Magic Number Now 11

Early Wynn has a 19-9 record this season for the Chicago White Sox. Bud Daley is 15-12 for Kansas City. Hoyt Wilhelm is 14-11 for Baltimore. All three have winning records over Cleveland.

So what? So it's a bit ironic that the Indians, who once owned all three, now are so hard up for pitching while trying to stay alive in that American League pennant race that they're going to give infielder Granny Hamner another crack at it.

Tried Once

Hamner tried once before. One of the Whiz Kids who brought the National League pennant to Philadelphia in 1950, he took a shot at pitching with the Phils in 1956 because of an ailing shoulder that gave him trouble when he batted.

The experiment didn't work. He pitched just nine innings in four games over two seasons for an 0-1 record.

Wilhelm, the knuckleballing right-hander Cleveland didn't want, hung the Injuns up to dry again Thursday night, clipping their winning streak at six with a three-hitter as Baltimore beat the second place Tribe 6-1. That left Cleveland 4½ games behind the White Sox, who were belted 8-2 by Washington but reduced their magic number to 11.

New York regained third place with a 12-1 romp over Kansas City, the A's 13th straight loss, while Detroit dropped to fourth with a 7-3 defeat at Boston.

Sox Belted

The White Sox were knocked over by three Washington home runs that backed a four-hitter by Camilo Pascual (15-10). Harmon Killebrew, tying Cleveland's Rocky Colavito for the AL lead with his 40th, Jim Lemon and Lennie Green tagged the homers, all two-run shots.

Dick Donovan (9-8) was the loser. Wilhelm missed a shutout over the Indians in the eighth inning on a walk, two passed balls and an infield out. Russ Nixon singled for two of Cleveland's hits, Woody Field doubled for the other.

Brooks Robinson drove in four runs for the Birds, hammering a three-run homer in the eighth off reliever Herb Score. He doubled home their first run as they scored three in the fourth against loser Cal McLish (17-8).

Hero Hank

MILWAUKEE (AP) — The Milwaukee Braves are sharing the star's role in their drive to overtake San Francisco in the National League pennant fight. Today's hero: Hank Aaron.

Hammerin' Hank came up with the big hit Thursday as the Braves fought from behind to defeat the St. Louis Cardinals 7-4 and move to within two games of the front-running Giants upended by Pittsburgh.

Aaron, the major league batting leader with a mighty .358 mark, picked the perfect time for his 200th hit of the season. He cracked a three-run double to center in the seventh after the Cards had gone ahead 4-3 in their half of the inning.

"With the bases loaded and only one out, I just was trying to hit one deep," Aaron said. "Then I got pretty good wood on the pitch and it went out there."

The blast boosted the Braves to their fifth straight victory.

Snead, Hogan in Dallas Open

DALLAS (AP) — A 121-man field with a rarity of golf—Sam Snead and Ben Hogan in the same tournament—starts after the big money in the \$25,000 Dallas Open today.

All except one member of the Ryder Cup team, Art Wall, the year's leading money winner, and all except a handful of the top players will be shooting at par 35-35-70 over the 6,744-yard Oak Cliff Country Club course.

Netters Reach Quarter-Finals In Nationals

FOREST HILLS, N.Y. (AP) — Towering Barry MacKay shook his head sadly today and complained: "Boy, am I being bugged about that second service of mine."

Barry, a civilian less than a week after a stint in the Air Force, faces Bernard "Tut" Barzen of Dallas in one of the four quarter-finals on the schedule in the national tennis championships.

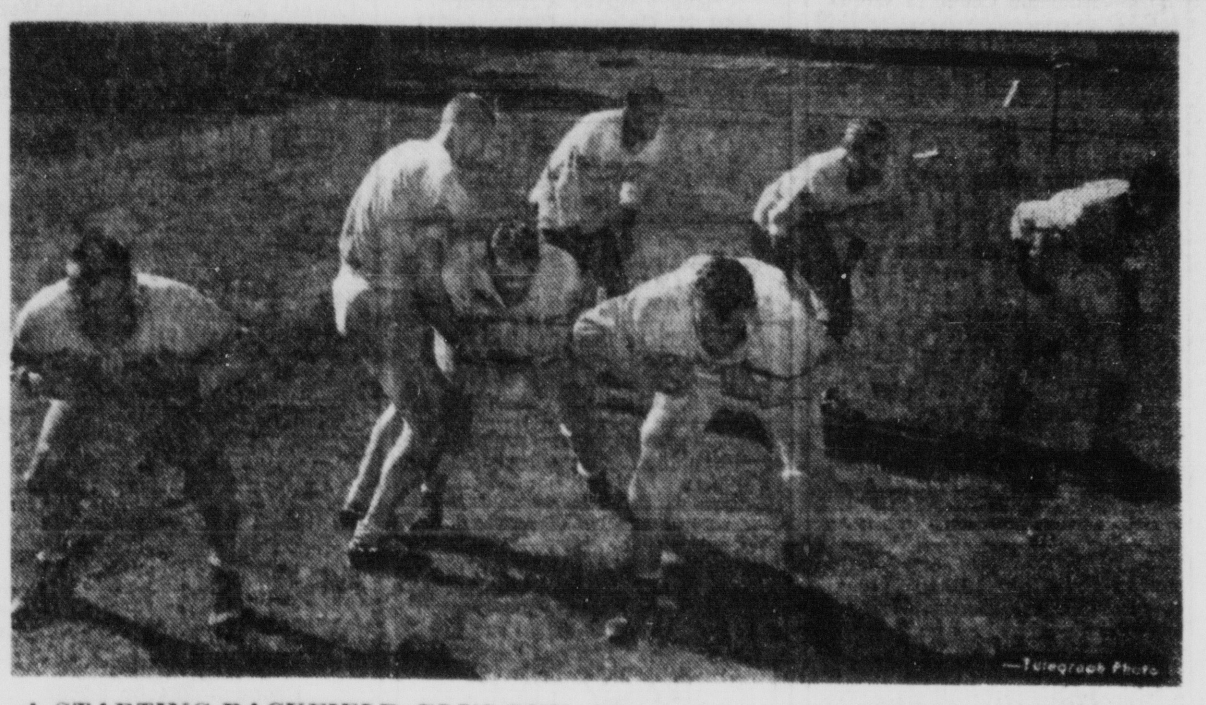

In the others, Neale Fraser of Australia goes against Luis Ayala of Chile, Ron Holmberg of Brooklyn tackles Rod Laver of Australia and top-seeded Alex Olmedo of Los Angeles faces Roy Emerson of Australia.

"You know," said MacKay, who gained his bracket with a 6-4, 6-4, 9-7 triumph over Bob Mark of Australia Thursday, "everyone seems to be talking about my second service. Why don't I get it in, they ask me. Or, why don't I play it safe."

"But I really think I have it

CROWS GO GOLFING

PT. HUACHUCA, ARIZ. (AP) — Pre-dawn vigils solved the riddle of missing golf balls from the fort's driving range. Observers saw a flock of crows swoop down. Each crow grabbed a golf ball. Now the problem is how to stop them.

A STARTING BACKFIELD, PLUS ONE—Flanked by veteran Walnut guards Richard Wangelin (left) and Jerry Schulte, quarterback Fred Perrizo hands the ball off to fullback Jerry Bacorn while three halfback lettermen prepare to swing out wide. The halfbacks are (from left) Gene Borop, Jack Middleton and Arnold Von Holten. All seven are seniors except Bacorn who is a junior and Borop who is a sophomore. One of coach Chuck Vail's nicer problems this season is to determine which of his lettermen will start in the backfield. A major Walnut problem this season is depth. Vail has four more experienced lettermen, but the remainder of the squad is sophomore-packed and experience-poor. The Raiders finished second in the South Blackhawk Conference in 1958.

Raiders Need Depth

By GEORGE BAILEY
Telegraph Sports Writer

WALNUT—Injuries—the old football bugaboo—hold the key to any success Chuck Vail's current flock of Blue Raiders gridders may have this season.

Not that Vail—who is starting his first year as head coach after six seasons as assistant coach—has had an unusually large amount of casualties already in practice scrimmages—or that he expects any.

Depth—or lack of it—is the reason Vail is walking the tightrope with all his fingers crossed.

Talented 11 Back

Vail has 11 talented lettermen left over from last year's team under Lyle Bruss which won eight of nine games to finish second in the South Blackhawk Conference race. Bradford won the 1958 championship with an 8-0-1 record, tripping Walnut in a crucial game, 12-0.

"All our veterans are key men," Vail said, "and if injuries hit us, we'll have to go with inexperienced replacements, probably mostly from the sophomore ranks."

Vail is carrying a 16-man squad, but only 14 are seniors and juniors. Fifteen sophs and 17 freshmen are out.

Minnesota Is Mostly Green

By JERRY LISKA
Associated Press Sports Writer
MINNEAPOLIS, Minn. (AP)—A green team with lots of go, hitching its wagon to a fine sophomore quarterback prospect, is the Minnesota football story this fall.

"We'll be as strong as our quarterback position and as good as our luck on injuries permits," said coach Murray Warmath in analyzing the outlook of a Gopher team which last year had a 1-8-0 record.

Tossup
Although Warmath gives the impression his quarterbacking is a tossup proposition, a strapping Negro lad from Uniontown, Pa., 205-pound Sanford Stephens, apparently holds the reins on the Golden Gophers. Other quarterback candidates include Steve Matnar, also a soph and junior Larry Johnson.

Warmath simply says that Stephens is a "good runner with a good arm." However, Stephens won last spring's varsity-alumni game by completing three touchdowns in the last 90 seconds. Last Saturday,

he scored three times and passed for another touchdown in an intra-squad game.

Warmath, who was under fire from the alumni lettermen group last fall, brightly faces up to what could be another trying season, his sixth at the Gopher helm.

"Our line is not as large as usual for a Minnesota team, but we have a little more quickness, especially at end," said Warmath, who has three seasons left on his contract.

Speed
"Our overall speed should be better with our best halfback squad potential since I've been here."

"Lack of depth is our biggest problem, although 11 men against

11 men we'd have a pretty good chance in the conference."

That top 11 includes 3 players Warmath considers standouts, 225-pound Tom Brown, 220-pound Jerry Shelte, both guards, and halfback Bill Kauth, 180-pound power runner.

It also includes 2 sophomores, Stephens at quarterback and Bob Deegan, 208-pound end. Plus tackle Mike Wright (230) and Arnold Osmundson (220) fullback Roger Hagberg, left half Arlie Bonstad and end Dick Johnson.

Minnesota's first three teams list only 8 seniors, strongly pointing to the fact that this will be another season of Gopher rebuilding.

The other halfbacks stirring some admiration in Warmath include four men who have yet to play a game — sophomore Judge Dickson of Clairton, Pa., Tom King of Edina, Minn., Dave Mulholland of Fargo, N.D., and Neil Benston of Hallock, Minn.

Benston, a product of eighth-grade man football in high school is the squad's fastest man.

However, Warmath figures that, excepting the fullback position, there is a 20 to 25 per cent drop off in talent between his first and second teams.

Actually, the end department may be Minnesota's deepest position with Johnson, the best pass receiver, and Deegan, a fine all-around player, backed by senior Tom Moe and soph Tom Hall, both strong performers.

Warmath doesn't like to admit his basic formation is the split T. "We used 28 different formations last season," he grins, adding, "Just say that the quarterback has the ball handed back to him."

The Gopher coach predicts the Big Ten race this fall will be one of the most even in years, but suggests that "the team that wants to win the title must beat Ohio State."

Rothschild Repudiates Confession

WINDER, Ga. (AP) — Charles (Rocky) Rothschild, who saved another man from the electric chair by admitting a 1956 murder, has repudiated his confession to a lawyer says.

Marvin Pierce said he met with the former Cairo, Ill., policeman Thursday in the South Carolina penitentiary where Rothschild is serving a five-year term for a safe-cracking conspiracy. Prison officials confirmed the meeting took place.

The Winder lawyer said Rothschild, 34, denied the robbery-slaying of Charles Drake, a merchant at Jefferson, Ga., and denied being present when Drake was killed.

Rothschild and A. D. Allen Jr. were given life sentences last year for the slaying.

When they were convicted, James Fulton Foster was acquitted of the murder. Rothschild's confession on July 4, 1958, had freed Foster, a 41-year-old house painter from Greer, S.C., from the shadow of the electric chair for Drake's death.

Rothschild pleaded guilty at his own trial, and was the state's star witness against Allen, a 38-year-old bootlegger. Rothschild said Allen planned the robbery of Drake and drove Rothschild to and from the murder scene.

Pierce said Rothschild gave him several statements which he will release when he decides what steps to take. The lawyer would not disclose any details.

Court and police officials here were not available for immediate comment.

CHANGING SPOTS
PRATTLEBORO, Vt. (AP) — The spots on America's dairy cows are changing.

"Drive down any road in dairy country and you'll see more of the black and white color pattern of the Holstein breed than ever before," says the Holstein Friesian Assn. of America.

The cattle registry organization says grade and registered Holsteins make up more than 60 per cent of America's dairy herds, and produce about 70 per cent of the nation's milk supply.

To Arrange Meeting With Swift, Union

CHICAGO (AP) — Federal mediator William G. Murray today sought to arrange another meeting between the deadlocked negotiators of Swift & Co. and the two meat packing unions which are on strike against Swift.

Meanwhile, Swift & Co. planned to bargain this morning with officials of a third union, the non-striking Independent National Brotherhood of Packinghouse Workers.

A company spokesman said Swift told the striking unions the firm would be available again Saturday.

The Brotherhood, representing 6,000 workers in eight Swift plants, agreed to continue working under provisions of the old contract that expired Sept. 1.

The striking unions, the United Packinghouse Workers of America and the Amalgamated Meat Cutters and Butcher Workmen. They represent some 17,000 packing plant workers who went on strike Sept. 4 for higher wages and benefits. The two unions' contracts also expired Sept. 1.

The striking unions said their work stoppage would be expanded today by the walkout of an additional 1,000 workers, employed in 25 Swift branch houses having separate contracts on a local level only.

A union spokesman said the additional workers were called out on strike because Swift "has rejected" the union's proposal to bring the branch houses under the Swift master agreement.

Ex-Con Killed After Shooting Three Persons

GLENDAL, Calif. (AP) — An ex-convict was shot to death Thursday night after wounding three persons in a wild battle during an attempt to hold up a market.

One of the victims is a housewife, eight months pregnant. She was shot in the abdomen.

An assistant market manager, Kenneth Benson, 26, stabbed in the stomach, seized the holdupman's gun and killed him with shots in the heart and groin.

Police identified the robber as William Coleroff, 46, an ex-convict from Philadelphia. They said they found among his papers the address, 2551 N. 33rd St., Pittsburgh, Pa.

Benson, his pregnant wife, Sally 26, and Richard E. Lisey, 17, were working in the market when the robber entered. Police said the gunman started shooting after Lisey hit him with a bag of quarters wounding Mrs. Benson and the youth, before Benson seized the gun.

Gamblers Fined \$25,000 Each; Get Five Years

INDIANAPOLIS, Ind. (AP) — Six big-money gamblers convicted of evading \$326,315 in excise taxes face prison sentences of five years and fines of \$25,000 each.

They have 10 days in which to decide whether to go to prison or appeal their conviction.

Two other, shown leniency because of their age, will not go to prison but must pay \$25,000 fines.

Judge Cale J. Holder sentenced and fined the eight men in U.S. Dist. Court Thursday, suspending the five-year terms for Charles L. (Buck) Sumner, 71, and Joey Jacobs, 64, both of Indianapolis.

The judge gave the others until Sept. 21 to decide whether to appeal or to report for imprisonment. They are Leo (Bookie) Shaffer, 68, Chicago; Jules Horwick, 54, Chicago; Philip (Flippy) Share, 54, Minneapolis and Las Vegas; Irvin Gordon, 41, Las Vegas; James Turner, 46, Detroit and Miami; and Eddie M. Wyatt, 60, Terre Haute.

Besides the fines, the eight must pay the costs of their six-week trial at Terre Haute, which may amount to \$20,000. They also will face an undetermined civil liability that could run to a million dollars.

The eight gamblers were convicted July 30 of evading the 10 per cent excise tax on \$3,263,150 worth of bets in 10 weeks of operation at Terre Haute in the fall of 1957. The government estimates that the syndicate handled 10 million dollars in bets during that period.

And there was little Scotty who carried a rope in his hand, but you 50 cents you couldn't tie him up so he couldn't get away. He was known as "the poor man's Houdini."

The block was inhabited by a colorful crew of newsmen, actors, admen, songwriters, grifters, drifters and hipsters. On an average evening you could run into everyone from a jockey to a harpoon salesman or a lady wrestler down on her luck.

There were expensive restaurants and cheap restaurants and a few sidewalk cafes where you could sit and watch the soot from brownstone chimneys drift mellowly down on and pepper your salad.

These eateries in this melting pot of the appetite saw the handwriting on the wall and moved away.

It was also a block of small craftsmen. There were the old book dealer, the shoe repair man, the violin maker, the seamstress who specialized in costumes for strip tease artists, and a hair dresser who did the best blonde bleaches in town.

They are gone now. So are the characters who made the block memorable. There was Jonathan

Recover Most Of \$40,000 Track Loot

CHICAGO (AP) — The FBI reports it has accounted for virtually all the \$40,000 taken from the Arlington Park race track Sept. 1. FBI agents in Arizona recovered \$14,906 when they arrested Charles Wowsorsky, 45, race track employee, and his wife in a motel in Phoenix.

They said Wowsorsky claimed he squandered the rest of the money at Las Vegas, Nev., gambling tables.

However, Julius M. Lopez, chief FBI agent here, said Thursday a man turned over \$20,000 to agents in Tucson, Ariz., after hearing of Wowsorsky's arrest.

Lopez said the man, Harry Gurkey, told of receiving the money from Wowsorsky for safekeeping. Lopez said Gurkey apparently did not know the money was stolen.

Lopez said the remaining \$5,000 probably was used for Wowsorsky's traveling expenses and to pay for an expensive auto, which was impounded by the FBI in Arizona.

Ed Boyle, head of the FBI in Arizona, said the Wowsorsky couple would be arraigned before a U.S. commissioner in Phoenix on charges of interstate transportation of stolen property.
